mais il admet que chaque signe a
son signification, qui est en 1 chose ²⁵²
particulière, mais une sorte de une classe
d'objet.

La raison par laquelle on croit que
les mots ont une signification, est

- la croyance que tous les noms sont des
noms propres. (les noms communs subissent
une dénomination)

- le contexte, ^{après} une phrase, à déterminer
quel est, de cette phrase, le sens d'un
mot déterminé (c/ si c'est un substantif
ou verbe).

The first part of the book is devoted to a general history of the French Republic, from its origin to the present day. It is written in a clear and concise style, and is well adapted for use in schools and colleges. The author has done his best to give a full and accurate account of the events which have shaped the history of France, and to show the influence of these events on the development of the French Republic.

The second part of the book is devoted to a detailed account of the French Republic, from its origin to the present day. It is written in a clear and concise style, and is well adapted for use in schools and colleges. The author has done his best to give a full and accurate account of the events which have shaped the history of France, and to show the influence of these events on the development of the French Republic.
