I.—MORPHINISM, OPIUM HABIT, CHLORALISM; ETHER, HASHISH, OR COCAINE MANIA.

Advice to opium-eaters, with a detail of the effects of that drug upon the human frame; and a minute description of the sensations of a person who has been in the habit of taking opium in large quantities during a period of eight years. Written by himself. To which are subjoined full directions which will enable every opium-eater entirely to conquer that injurious habit. 8°. London, 1823.
