HERMAPHRODITI COMMENT.

29

(123), & ex ZACCHIA alter (123*), & uxorem duxit, & fecundantem humorem profudit, cui nihil, nisi impetus aliquis deesset. Fuisse ejusmodi hypospadias, qui secundi fuerint, C. HOFFMANNUS jam auctor est (123**). Homo matrimonio solutus, quod impotens haberetur, ob urethram casu sub glande apertam, & ob feminis in initu, ut dicebatur, defectum, altera vice de stupro & inpraegnata femina reus factus est, apud J. Christianum FRITSCH (123***). Alius, cui ureteres in inguine aperiabantur, penisque informis erat, matrimonio solutus, venerem omnino exercuit, ut tamen sterilis esset IDEM (123****).

Imo non desunt chirurgi, qui hanc difformitatem cultro superare adgressi sint, viamque per glandem continuare. Exempla sunt apud ZACUTUM (124), & HAGEDORNIUM (124*), & praecepta sanandi tradunt P. DIONIS (125), VYLHÖRNIUS & alii. Morbus enim est, qui ab obstructa urethra, & lotio per vim sibi viam faciente nasci videtur. Et olim HERAIS, cui, per annum cum viro viventi, penis eruperat ex ea parte, qua credebatur femina esse, exulcerata fistula sanata & vir facta est, seque DIOPHANTUM vocavit; similisque altera CALLOIS ex femina in virum adolescentis historia est (126), & alia apud ALBERTUM, quem magnum vocant, uti ex Caspari a REYES collectione video. Huic nempe testes erant fissura separati, quam peilis tegebat, ea incisa penis, & cum eo fecunditas successit (126*). Et in universum Idem CASPARUS latentia genitalia iis credit erupisse, quibus sexum mutatum fuisse legimus (126**).

Feminas vero clitoride praeditas, & pro androgynis habitas, coivisse, & peperisse adhuc magis vulgare est. Exempla habet C.
