Mr. H. C. Allen

Le giorno del 20 aprile ho fatto la mia prima volta al teatro di Parigi.
L'opera era "La Gioconda" di Verdi, con la regia di Charles Gounod.
Il primo atto è stato un po' scialbo, ma il secondo è stato magnifico.
Il secondo atto ha avuto molto successo. Il terzo atto è stato
un po' scialbo, ma il quarto è stato magnifico. Il quinto atto è stato
un po' scialbo, ma il sesto è stato magnifico.

It was my pleasure often repeat
the experiments on this day just past, & I am
now more than ever satisfied in the correctness of the
Experiment, and have no doubt of its truth. I can
see no reason to suppose that the gas has been
in contact with any other substance than the
gas itself, or that it has been exposed to the air.

W. W. Denslow, author and illustrator of the
famous *Mary Had a Little Lamb*, died at his home
in New York yesterday.

What would you do if you had to leave? for instance

Dear Dr. & Mrs. May,
I am so sorry to report that I have not
been able to get away - and have a vacation
- This I thought to be well. However, we thought
- and exchanged - the following week. So
- we have a good vacation - and a long one.
- And I am glad to have been given an
- opportunity to have time to think and
- to do what I wanted to do.
- Thank you, Mrs. May - for your kind note
- and good wishes - I hope to return
- to the office as soon as possible
- and to be back at work
- as soon as possible.

Augt 1779
I have the pleasure to inform you that
the Observe of the Observatory at
Augusta has been established
and is now in full operation.
Under the direction of Dr. J. C.
Brewster, who has charge of it, and
is a man of great skill and experience
in astronomical observations.
