and the first time I saw  
the bird was at the  
beginning of the day  
when it was still dark.  
I have seen it since  
then but have not  
seen it again. It is  
a small bird about  
the size of a sparrow  
but with a long tail  
and a very long beak.  
It has a black cap  
and a white patch  
on each wing. The  
rest of its body is  
brownish grey. Its  
tail is very long  
and deeply forked.  
The bird is very  
active and seems  
to be always in  
motion. It flies  
very quickly and  
easily. It is a  
very noisy bird  
and its call  
is a sharp  
chirping sound.  
I have heard  
it sing several  
times and it  
has a very  
sweet voice.  
The bird is  
very common  
in the area  
where I live  
and is often  
seen in the  
trees and  
bushes.  
It is a  
very interesting  
bird and I  
have been  
very interested  
in studying  
its behavior  
and habits.

## Enslavement

Dear [unclear]  
I am writing to you to let you know  
that I have been thinking about  
the situation in the last few days  
and I have come to the conclusion  
that I must leave [unclear] as soon  
as possible. I have been offered  
a position at a law firm in [unclear]  
which would provide me with  
a better opportunity for professional  
development and personal growth.  
I have been considering this option  
for some time now and I believe it is  
the best choice for me at this point  
in my life. I am grateful to [unclear]  
for the support and guidance they  
have provided me throughout my  
time here. I will always be grateful  
to them for their support and guidance.  
I hope you understand my decision  
and I appreciate your support and  
encouragement throughout this process.  
I am grateful for all the opportunities  
I have had here and I will always  
remember the lessons learned and  
the people I have met along the way.
